BC01

User Manual

01 Package List

headphones

charging cable

earplugs

user manual

02 Button Functions

MFB functions	
Functions	Operation
Answer/hang up call	Click
Play/pause music	Click
Skip track forward	Double click
Skip track backward	Triple click
Activate voice assistant	Press and hold for 2s

Volume button function	
Functions	Operation
Power on	Press and hold "Volume +" for 2s
Power off	Press and hold "Volume +" for 2s
Bluetooth pairing	Press and hold "Volume +" for 5s when in power-off state
Check battery level	Press "Volume +" or "Volume -" when the headphones are connected and no content is playing

03 Wearing Method

Clip the headphones behind your head with the vibration transducer close to the front of the auricle.

If you are on a plane or train, you can reduce external noise and experience better bone conduction sound using the earplugs.

04 Headphone Settings

Power on / off:

Press and hold "Volume+" for 2s until the indicator changes

(Power on: white indicator keeps on for 1s;

Power off: red indicator keeps on for 1s).

Bluetooth pairing:

When in power-off state, press and hold "Volume+" for 5s to enter pairing mode, until the indicator flashes alternately in red and white.

Mobile phone connection:

Turn on the Bluetooth of the mobile phone, search for "Haylou PurFree", and click to connect.

Switch language of the prompt tone:

Press and hold the "Volume +", "Volume -", and "MFB" for 1s at the same time (the indicator flashes white twice).

Restore factory settings:

Press and hold the MFB for 5s when the headphones are charging (indicator flashes alternately in red and white 3 times).

05 Dual-device Connection

"Haylou PurFree" can be connected to two devices at the same time and seamlessly switched between the two devices. This function is disabled by default.

1. Make sure the headphones are turned off;
2. Press and hold "Volume+" for at least 5s to enter pairing mode, until the indicator flashes alternately in red and white;
3. Press and hold the MFB and "Volume +" for 3s (indicator flashes white for 1s);
4. Turn on the Bluetooth of the first device, search for "Haylou PurFree", and click to connect and confirm successful pairing;
5. Turn off the headphones;
6. Enter pairing mode again;
7. Turn on the Bluetooth of the second device, search for "Haylou PurFree", and click to connect and confirm successful pairing;
8. Click "Haylou PurFree" on the first device to reconnect (indicator flashes white once), then the two devices are connected successfully at the same time;
9. Turn off dual-device connection: press and hold the "volume -" and MFB for 3s in pairing mode (indicator flashes white for 1s).

06 Basic Parameters of Headphones

Product model: Haylou 100

Communication range: 10 meters (open environment without obstacles)

Battery capacity: 165mAh

Charging time: about 1.5 hours

Playtime: above 8 hours

Standby time: above 240 hours

Input parameters: 5V = 500mA

Battery type: Li-ion polymer battery

Wireless connection: Bluetooth 5.2

Bluetooth protocols: A2DP, AVRCP, HSP, HFP

Safety protection level: IP67

* The above data is obtained from Haylou's internal laboratory tests under specific conditions and is for reference only. It may vary in actual use depending on user habits and environment.

07 Caveats

Warning

1. Do not disassemble, repair or modify the product for any reason, as this may cause fire or even completely destroy the product.
2. Do not expose the product to environments where the temperature is too low or too high (below 0°C or above 45°C).
3. Keep the indicators away from the eyes of children and animals while using the headphones.
4. Do not use this product during thunderstorms. Thunderstorms may cause the product to malfunction and increase the risk of electric shocks.
5. Do not wipe and clean the headphones or their case with alcohol or other volatile liquids.
6. Avoid any contact with liquids.

Note

1. Please read this user manual carefully before using the product and please properly store it.
2. When using for the first time, please fully charge this product.
3. Please charge the product, in case it has not been used over two weeks.
4. Please use certificated charger.
5. Do not wear headphones for a long term to protect your hearing.
6. Do not wear headphones in any situations with potential risks as wearing them may reduce your perception to the outside world.

Daily maintenance

Please do not shower with headphones. Do not wear them in rainy day. Do not leave them in washing machine or other extreme situations. Clean them with dry cloth.

FCC Requirement

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Cet appareil se conforme à RSS247 de Canada d'Industrie. appareils radio exempts de licence. Son fonctionnement est sujet aux deux conditions suivantes: (1) le dispositif ne doit pas produire de brouillage préjudiciable, et (2) ce dispositif doit accepter tout brouillage reçu, y compris un brouillage susceptible de provoquer un fonctionnement indésirable.
